About Company

Empowering your world with seamless smart technology and innovation.

GES Equinox has been a leader in the audiovisual and home automation industry since 1997. From our beginnings in Jounieh, Lebanon, to our expansion across the UAE and MENA regions, we have consistently delivered premium smart technology solutions tailored for luxury residential, commercial, and hospitality spaces.

There are many companies in the industry, but GES Equinox stands out by combining over 28 years of expertise with exclusive partnerships and cutting-edge innovation. We ensure that every project we undertake is customized to the client's specific needs, offering seamless integration of smart control systems and advanced technology.

Our Mission

Our mission is to deliver unparalleled audiovisual and smart home control solutions that elevate the everyday experiences of our clients. As a master distributor for premium AV and control systems, we are dedicated to providing innovative, high-quality products and services that cater to the unique demands of luxury living. We believe in fostering strong partnerships by offering comprehensive training and ongoing support to ensure our partners can seamlessly integrate and maximize the potential of the advanced technologies we supply.

Our commitment is to enhance the way people interact with their environments, delivering customized solutions that combine cutting-edge technology with ease of use, all while maintaining the highest standards of performance and reliability.

OUR VISION

Our vision is to be recognized as the foremost provider of consumer electronics, distinguished by our unwavering commitment to quality, innovation, and service excellence. We strive to lead the industry by consistently raising the bar, delivering cutting-edge products, and expanding our offerings to meet the evolving needs of our customers. Through this, we aim to set new benchmarks for excellence and establish ourselves as a trusted name in the world of high-end audiovisual solutions and smart home technologies.

Message From The CEO

With over 36 years of my personal experience in the audiovisual industry, I've had the privilege of evolving from an integrator to a distributor, gaining invaluable insights along the way. My journey has taken me through a wide range of international projects, from designing and delivering broadcast TV stations and satellite transmission systems to luxury villas and over 588 luxury yachts of various sizes. Each project has enriched my expertise and deepened my commitment to excellence.

I am excited to share this wealth of experience with our partners, guiding integrators on a remarkable journey. Together, we will continue to push the boundaries of innovation, bringing world-class AV solutions to new heights.

Joe Barhoush

CEO of GES Equinox

Why Choose GES Equinox?

Expertise and Experience

With over 28 years in the industry, our team has the knowledge and expertise to ensure the highest quality of service.

Exclusive Brand Partnerships

We are the dedicated distributors for some of the most renowned brands globally, ensuring access to the best products in the market.

Customized Solutions

Tailored solutions that fit your specific requirements, whether for luxury home, premium business, luxury yachts or any premium Smart AV Lifestyle settings.

Our Solutions

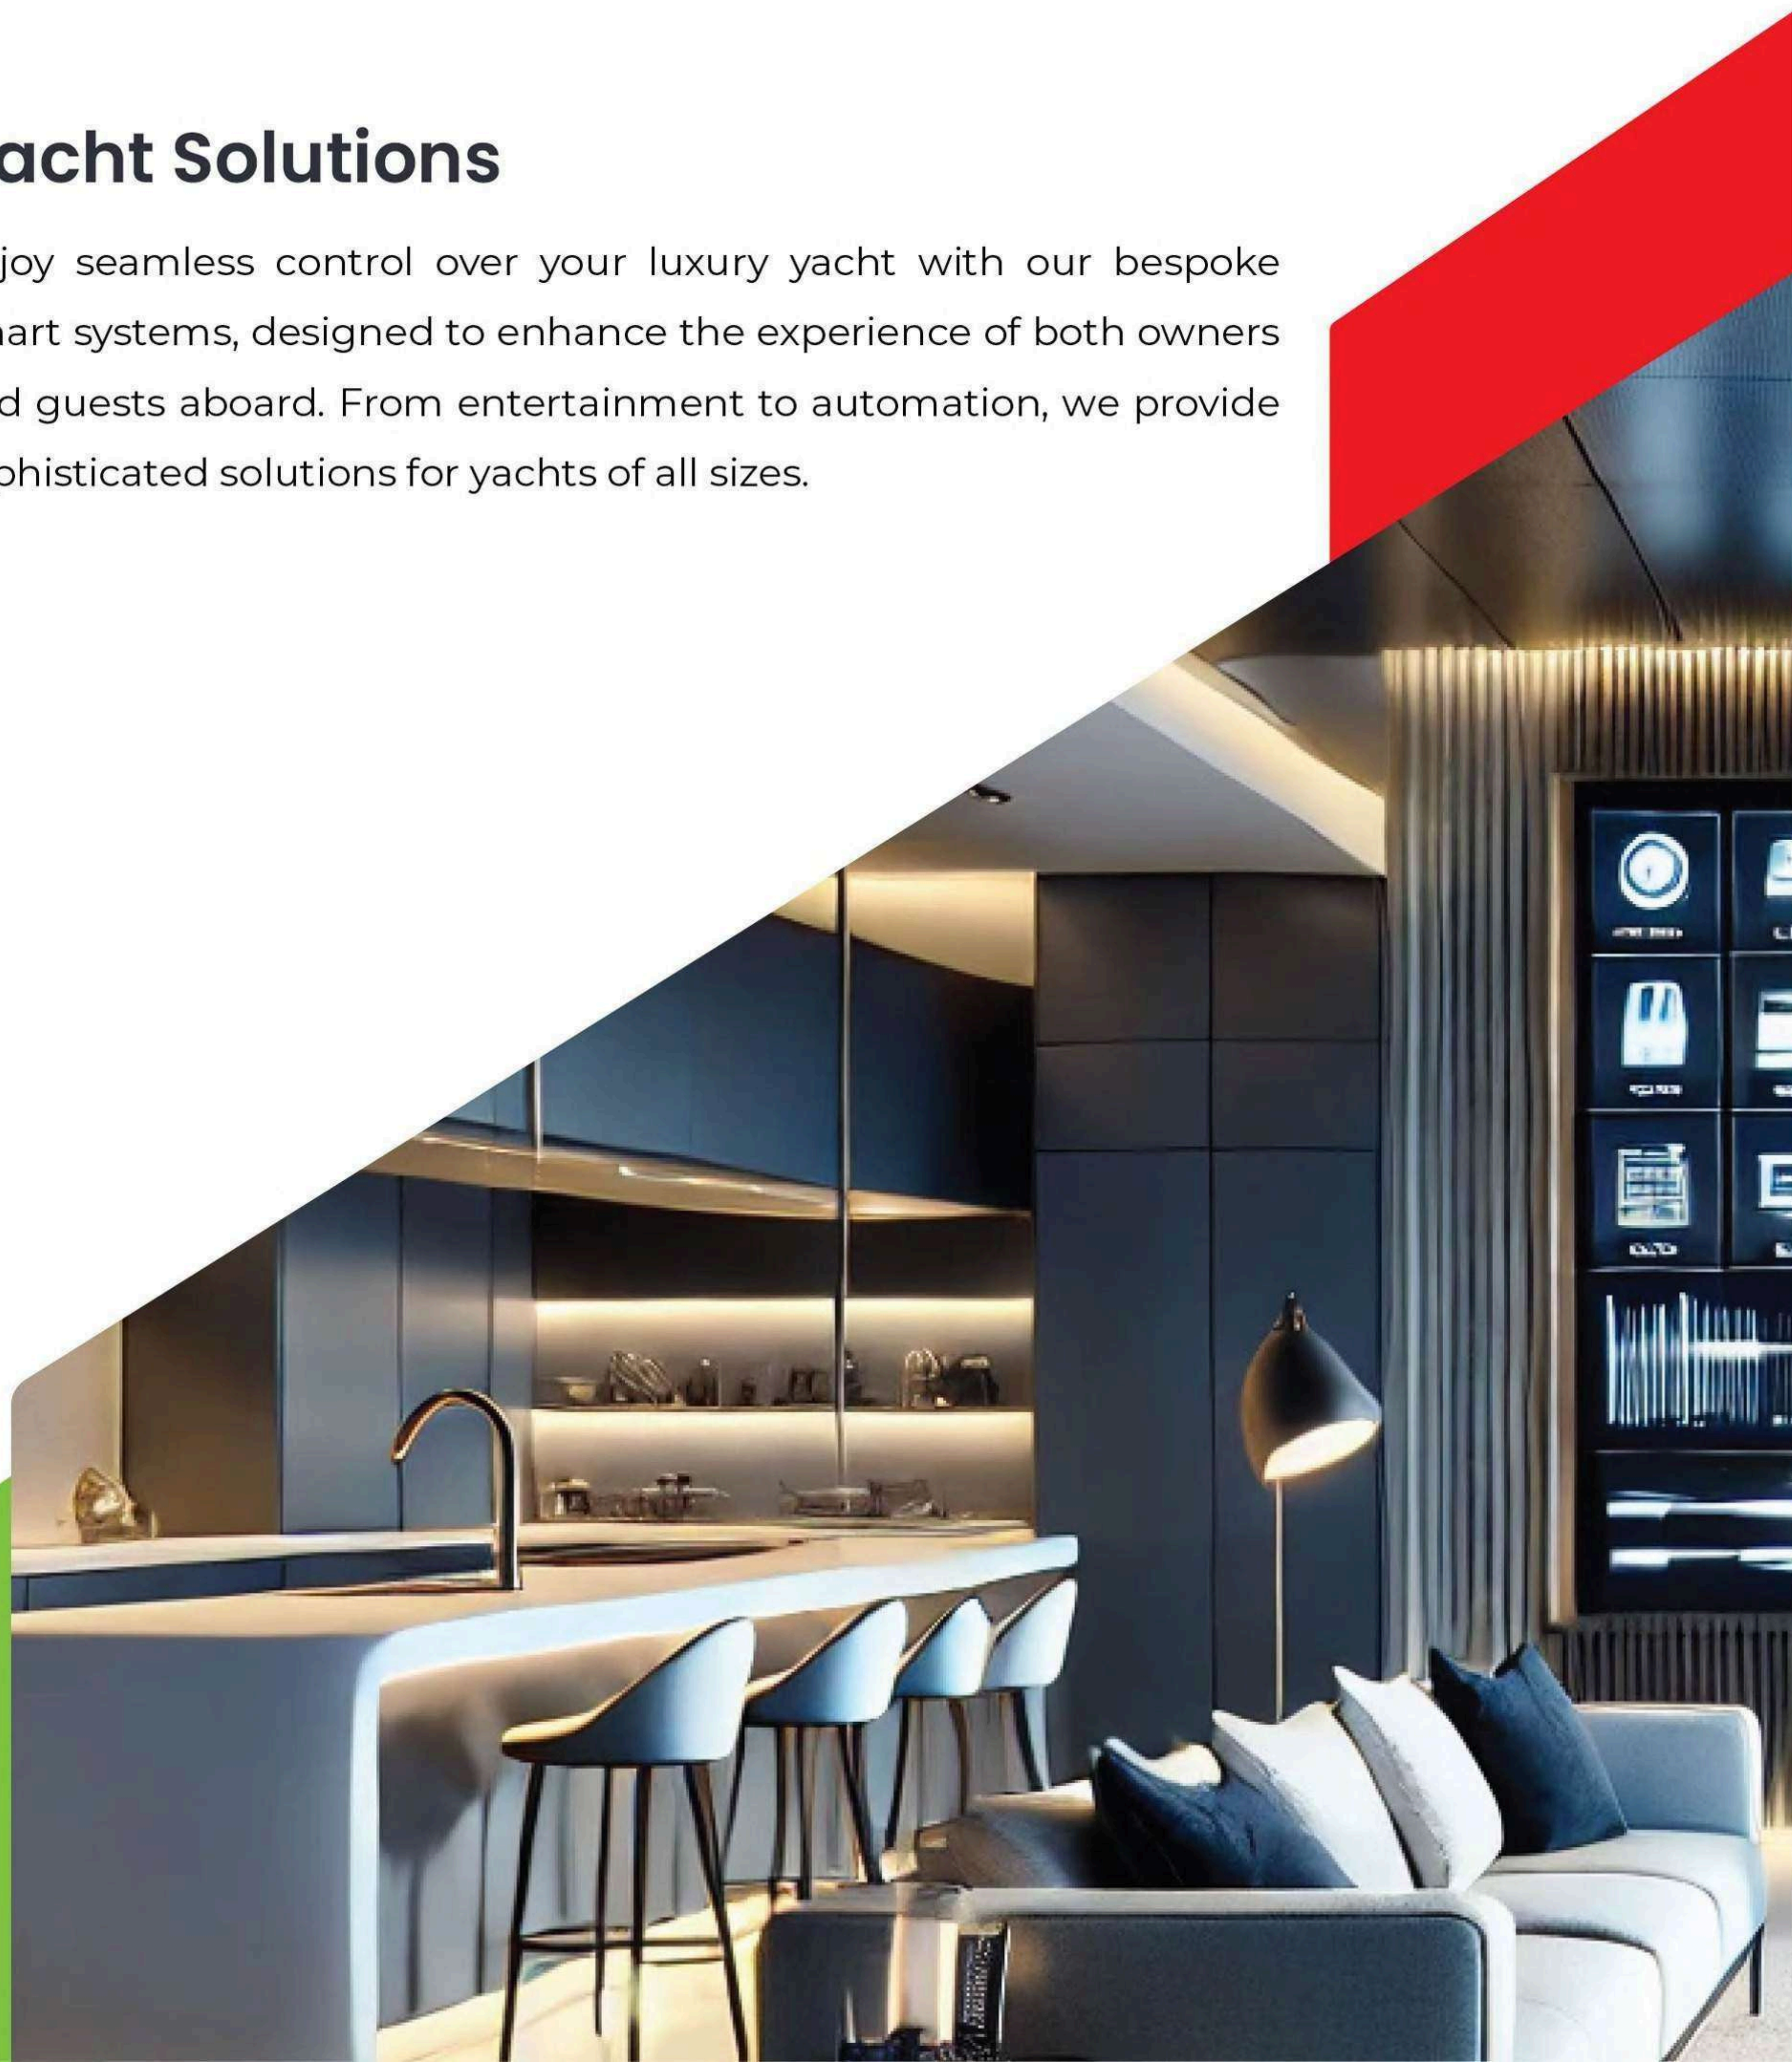

Luxury Residential

Transform your home with a fully integrated smart control platform, personalized for luxury residences such as villas, mansions, and palaces. Every detail is tailored to meet the highest standards of comfort and convenience.

Yacht Solutions

Enjoy seamless control over your luxury yacht with our bespoke smart systems, designed to enhance the experience of both owners and guests aboard. From entertainment to automation, we provide sophisticated solutions for yachts of all sizes.

Hospitality Solutions

Elevate your guest experience with our advanced hotel room solutions. From cutting-edge IPTV systems to smart access and control, we create a luxurious, high-tech environment that ensures ultimate comfort and convenience.

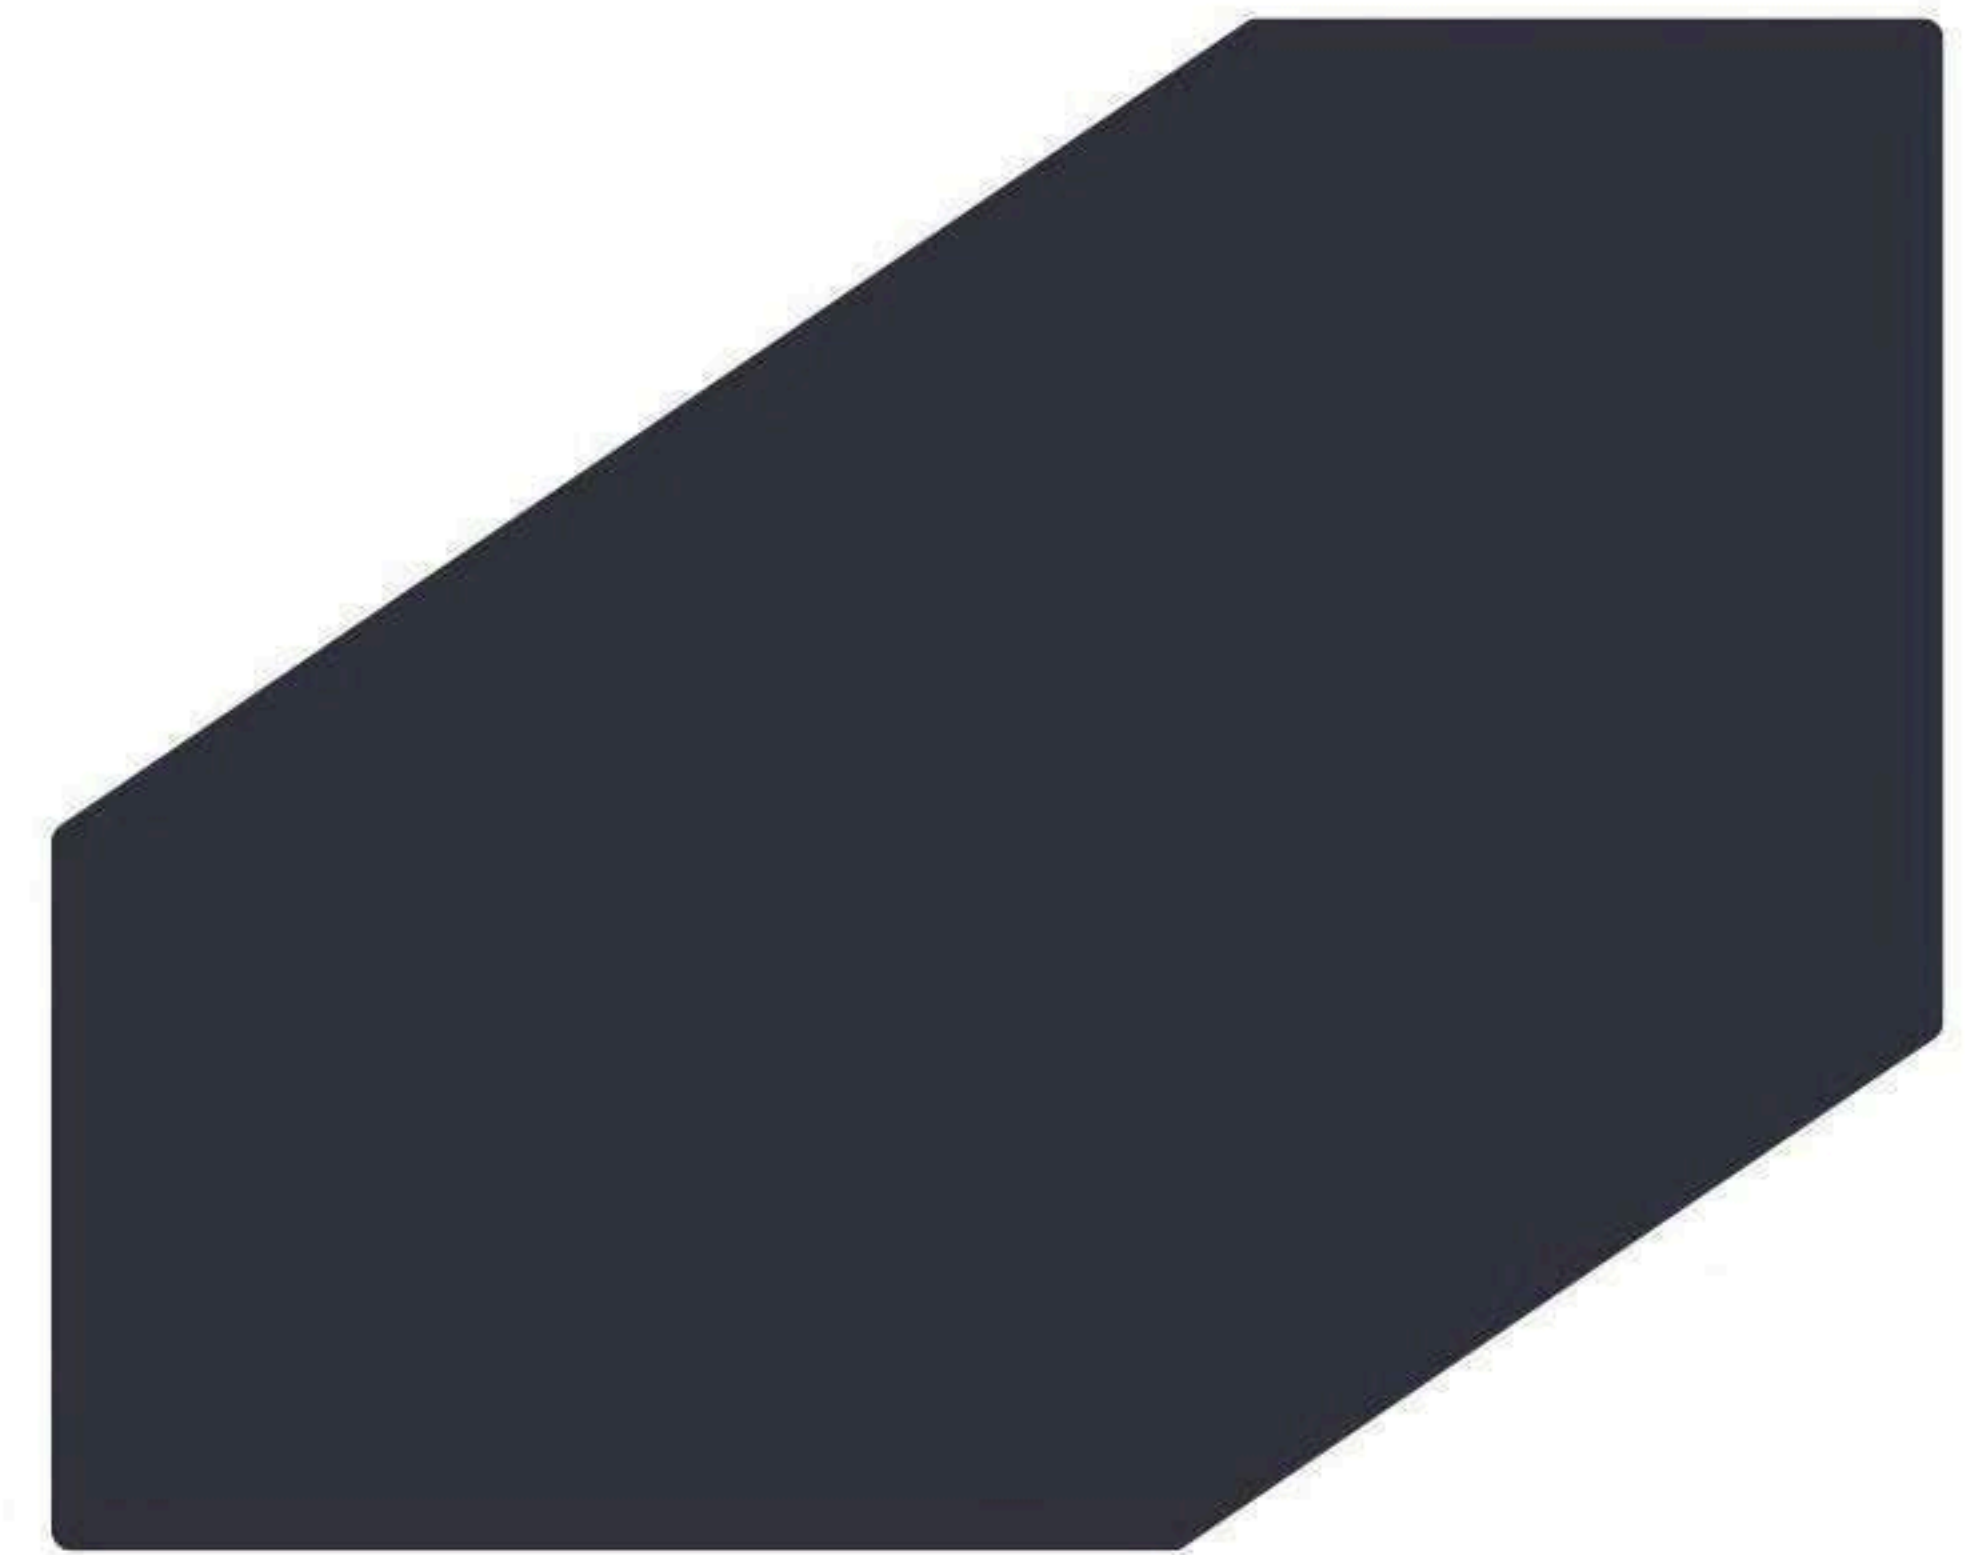

Commercial

Elevate your guest experience with our advanced hotel room solutions. From cutting-edge IPTV systems to smart access and control, we create a luxurious, high-tech environment that ensures ultimate comfort and convenience.

Our Brand

At GES Equinox, our brand is built on luxury, innovation, and excellence. We partner with world-renowned brands to deliver tailored audiovisual and smart automation solutions for luxury residences, yachts, and commercial spaces. With over 28 years of experience, we are trusted for quality, reliability, and cutting-edge technology that transforms spaces into smart environments.

Advantages of Our Brand:

Exclusive Brand Partnerships:

We work with globally renowned brands, ensuring access to the latest and most advanced products on the market.

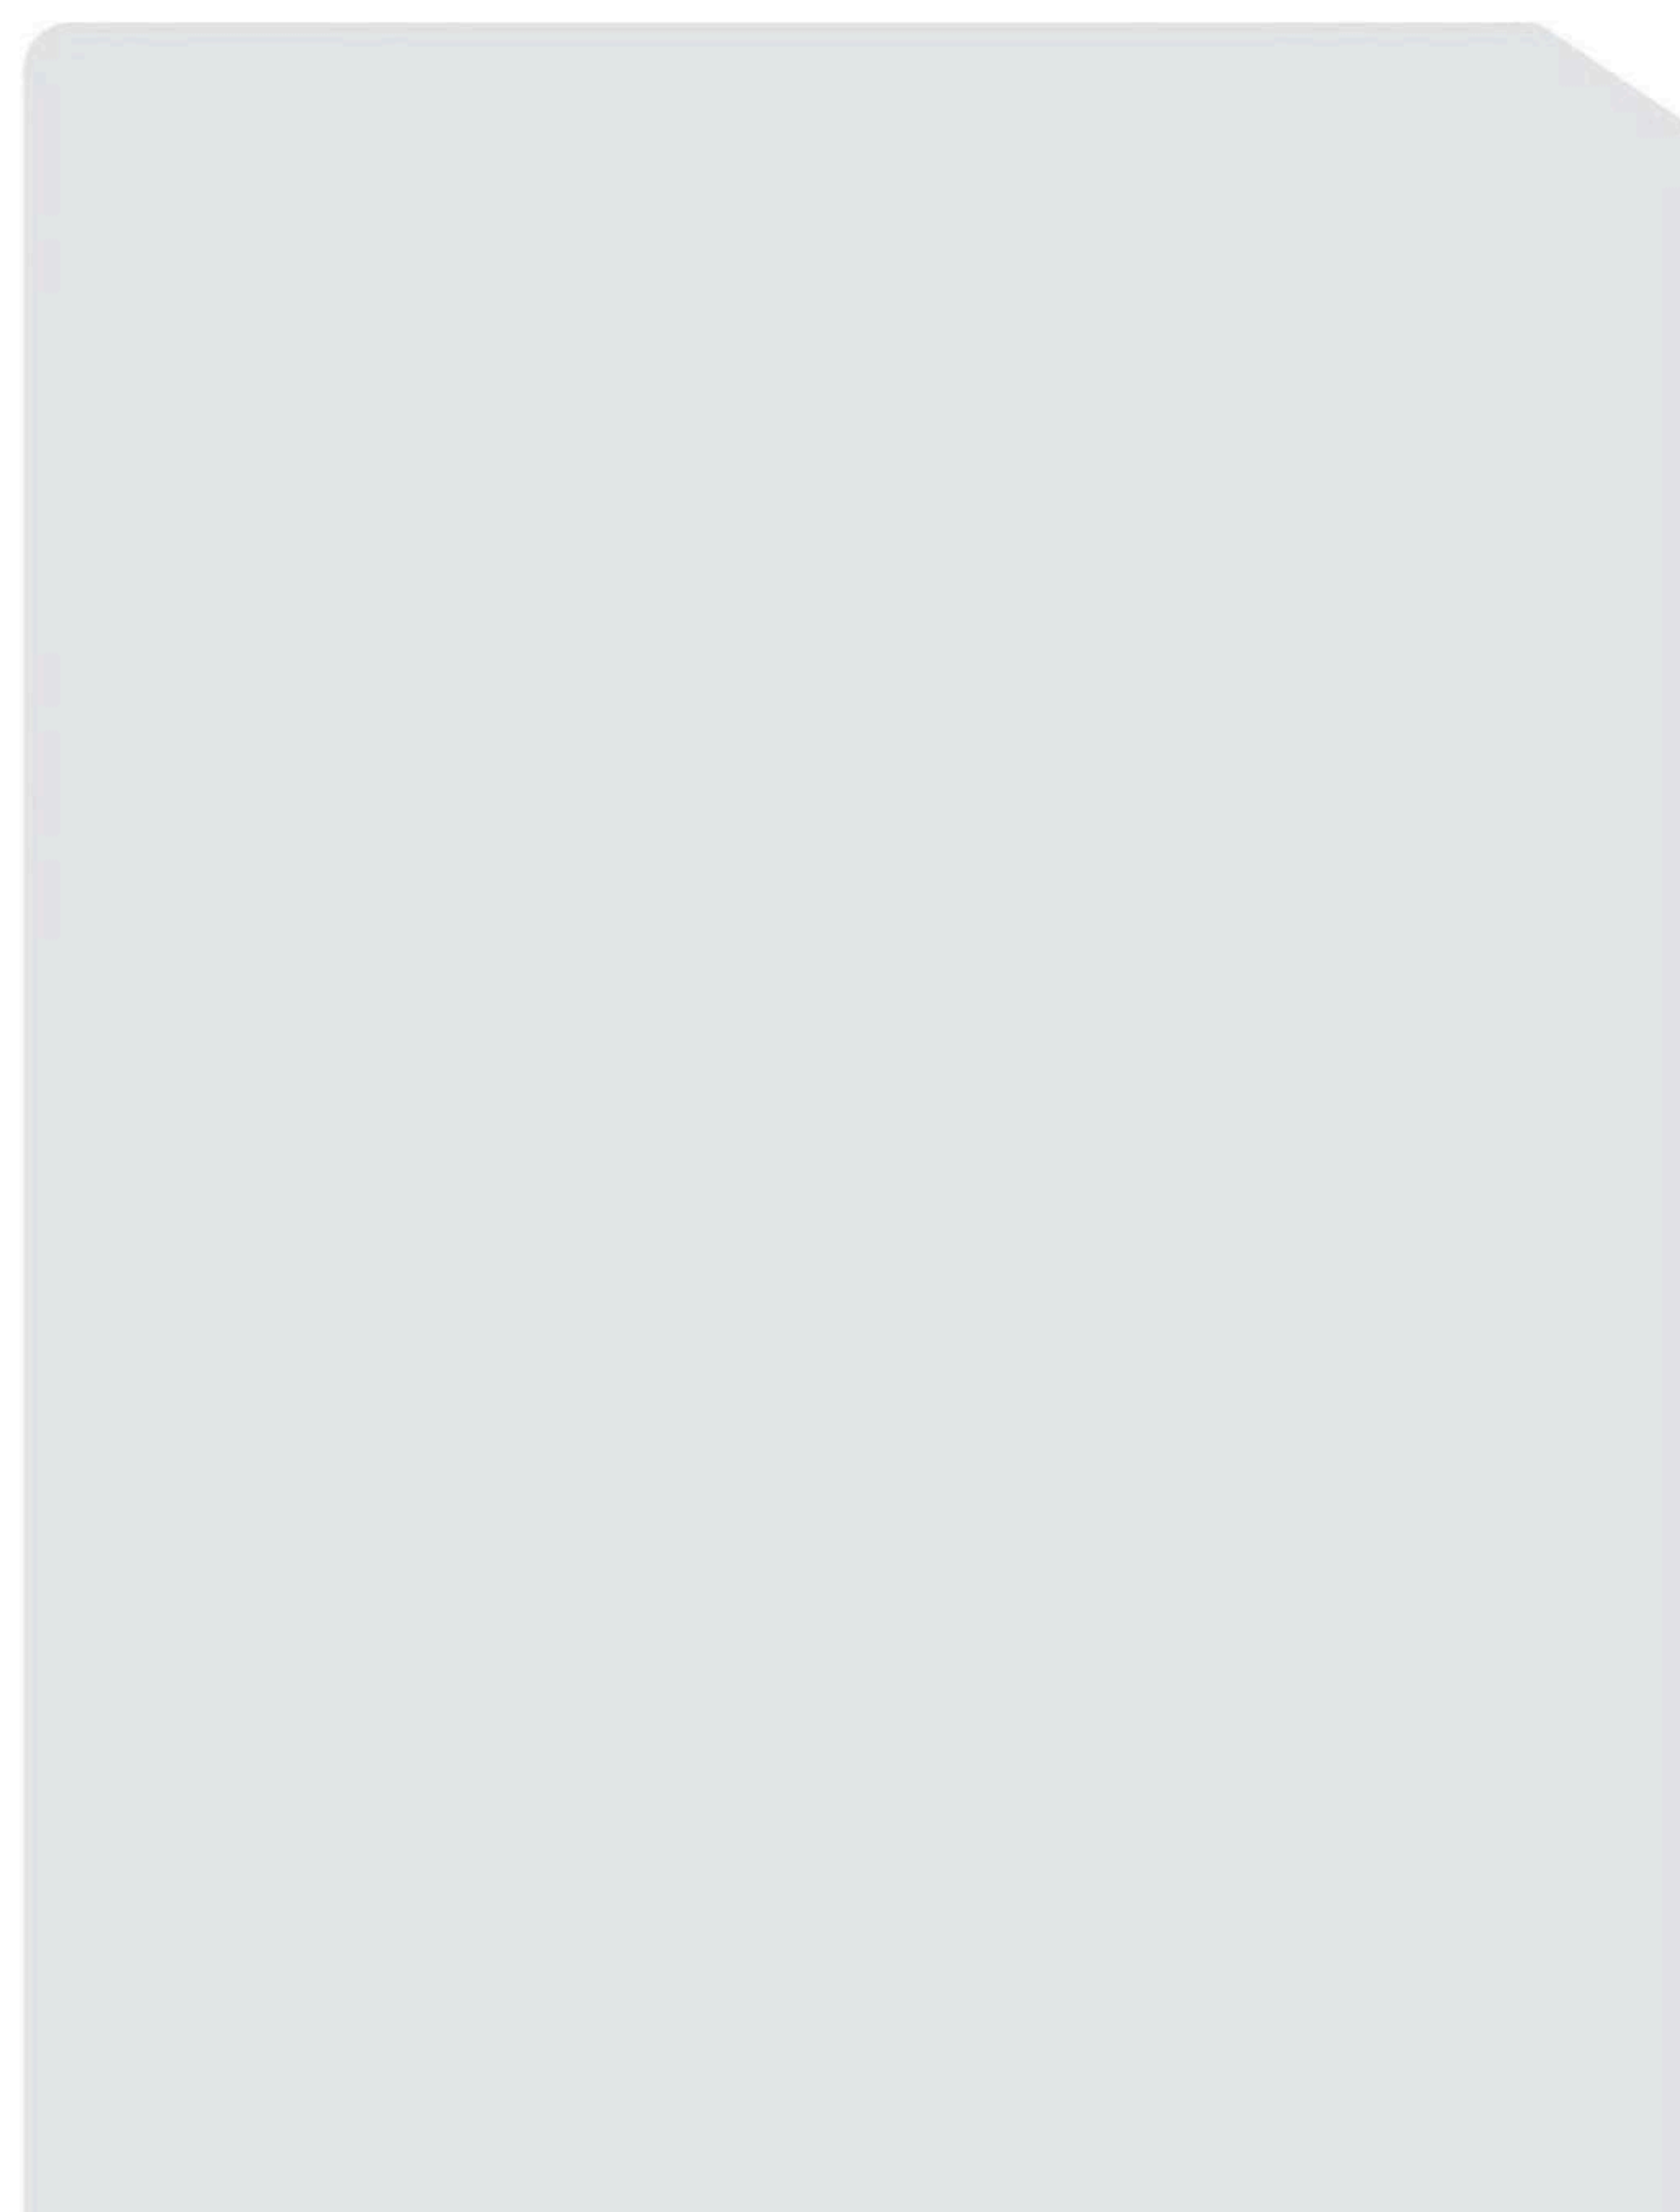

Refined Solutions:

Each project is customized to fit the client's unique requirements, whether for luxury residences, yachts, or commercial spaces.

Long-Standing Reputation:

With over 26 years of industry experience, GES Equinox is trusted for delivering reliable and innovative solutions.

invisible loudspeakers

Supreme Sonic Quality

Our Nakymatone Invisible speakers deliver outstanding sound, easy installation, and a lifetime of enjoyment. Crafted in Canada, featuring a European design with patented engineering finesse.

Our backgrounds include sound engineering, system integration, and live venue pro audio production. Our mission was to create an invisible loudspeaker that surpasses the sonic quality of all speakers in the built-in category. Using state-of-the-art technology, engineering, and design, our team, over the past decade, has developed the best-sounding speaker that is completely invisible. We are proud to offer the Nakymatone line of loudspeakers, that boast excellent sound, ease of installation, and lifelong enjoyment.

GALLO ACOUSTICS

We don't make ordinary speakers. You won't find any conventional boxy designs in our line-up, not for any stylistic or superficial aesthetic reasons, but purely and simply because we believe there's a better way.

For over 20 years the Gallo name has been synonymous with spherical loudspeaker design. Our acclaimed products are designed around spheres, thus eliminating resonance and internal diffraction, the two main causes of loudspeaker distortion.
