Aquatic AV Inc. Limited Warranty

For U.S. and Canada Only

If purchased from and authorized Aquatic AV dealer, the product is warranted against all defects in material and workmanship for a period of (2) year from the date form original purchase. An additional one (2) year extension to the warranty may be obtained by going to Aquatic's website www.aquaticav.com and completing the consumer research data. All purchases of Aquatic AV products from non-authorized Aquatic AV dealers are subject to further warranty restrictions as described below.

The conditions of this limited warranty and extend of the responsibility of Aquatic AV Inc. under this limited warranty are as follows:

1. Proof of date purchase is required for warranty service of this product. Information about Aquatic AV authorized warranty service centers may be obtained by contacting or writing Aquatic AV at the address listed below.
2. This limited warranty is void if service is performed by anyone other than an approved Aquatic AV Service Center.
3. This limited warranty does not apply to any product which has been subject to misuse, neglect or accident, or has had the serial number altered, defaced or removed, or which has been connected, installed adjusted or repaired, other than in accordance with the instructions finished by Aquatic AV.
4. This limited warranty does not cover marine static or other electrical interference, or laser pickup clean or adjustments, or labor costs for the removal of reinstallation of the unit for repair.
5. The sole responsibility of Aquatic AV under this limited warranty shall be limited the repair or exchange of the product at Aquatic AV's sole discretion.
6. Product must be shipped in its original carton or equivalent carton, fully insured, with shipping charges prepaid. Aquatic AV will not assume any responsibility for any loss or damage incurred in shipping.
7. Aquatic AV products, purchased from a source other than an authorized Aquatic AV dealer, including any and all via the internet from a non-authorized dealer shall not be covered by any Aquatic AV limited warranty or the extended warranty, to the extent allowed by applicable law.
8. All implied warranties except the extent prohibited by applicable law shall have no greater duration than the warranty period set forth above. Under no circumstances shall Aquatic AV be liable for any loss or damage, direct or consequential, arising out of the use or inability to use the product. Because some states do not allow limitations on how long and implied warranty lasts or exclusions or limitations of incidental or consequential damages, the above limitations or exclusions may not apply to you.
9. This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
10. The laws of the state of California shall govern and control the limited warranty, its interpretation and enforcement.
11. Should you have difficulty with the performance of the product during the warranty period, please call or visit our website for a listing of Authorized warranty Service Centers in your area. You may also contact the Aquatic AV customer service team and the address listed below for help.
